Dear Mr. Lee:

RE: Submittal of Surety Bond, North Lily Project, PRO/023/007,  
Juab County, Utah

Upon review of pertinent documents pertaining to the proposed North Lily mining project, the Division finds that the company needs to address one more issue prior to approval of the leaching process project. The company must post a reclamation surety bond in the amount of \$95,760.00 (1985 dollars). At that time, the Division can grant final approval for the North Lily operation.

Should you have questions or need further information, please contact me anytime.

Sincerely,

Dave Hooper  
Reclamation Hydrologist
